

## Lord

## Absurd Minds

There's a misunderstanding  
between you and me  
I always ask for myself  
So what could it be?

Neither I'm the Lord of Darkness,  
nor I'm used to practice black rituals on stage.  
Rather I'm a bearer of life,  
one of the bastions against  
the troops of the devil's worshippers  
and glorifiers of death,  
that, as you know, not exist  
except inside their heads.
