

I Am A Fan

Absynthe Minded

I want you to know
You forced me into this
Come on scream my
Name out loud
You're just passionate
Youngster, wildcat
Human to the bone
Into the grave

I'll carry you
We'll be true and good
For each other
No one else
You're so passionate
You like wildcats
Human to the bone
Into the grave

You've got my ticket to ride
And I want to never find
And I don't need a guide
I'm stronger

And I am a fan
I'd kiss your hand
I'd treat you good

I'd treat you better
Than any other could
