

## Sweet Oblivion

## Absynthe Minded

It's all gone to pieces now  
The end is near and still I feel  
Uncertain about certain things  
Do I know you?  
Some questions are difficult to ask  
Some subjects make plenty of talk  
Let's face it, it's all unsaid  
Do I know you?

The water's deeper then before  
Flood made every building wash away  
Disaster, another spell  
I don't know  
Some people wonder now and then  
Some people wonder now and then  
How did it happen  
So suddenly  
It's over
