

Omnivorous Sonatina

Abused Majesty

statuesque disarray endlessly
devouring itself
in universal mayhem
of deiform impostures
anointed saviour
with brimstone

an ecstasy beyond
ataraxia

nothingness,
overflows crimson
with illusory expiration
devoting farewell
to diminished
entities and forlorn hope
of abaddon

forgiveness,
adorns treason...
grieve, abortive creation
over sentinel
that finished arbitrary
liberated decay
of silence
and composed
omnivorous sonatina
of eternity
