

# Code Red

AC/DC

Loading up the battery, raising up insanity  
Beating out the old time blues  
Crawling up the walls, sleeping on a waterfall  
Belting out that tune

Strike one, strike two  
Set your guns ablaze  
Strike three, call emergency  
You're gonna play it safe

Speeding up the road  
Tearing up the Highway Code  
Ain't gonna slow me down  
No need to hesitate  
Ain't coming up late  
Hit the brakes, don't mess with fate

Hard fight, rough night  
Dead in your sight  
Fire light, fire bright  
Fire in the night

Station to station  
Yeah, code red  
Battle stations  
Ooh, code red  
Weapons ready  
Code red  
Fire one, fire two  
Code red

Now pay attention

Reputation on your mind  
Enemy within your sight  
Fire up, fire straight, fire free  
Situation on the line  
In the pale moon light  
Run quick, run silent, run deep

Hard fight, rough night  
Dead in your sight  
Fire light, fire bright  
Fire in the night

Station to station  
Yeah, code red  
Battle stations  
Code, code red  
Weapons ready  
Code red  
Fire one, fire two  
Code red

Station to station  
Yeah, code red  
Battle stations

Code, code red  
Weapons ready  
Code red  
Fire one, fire two  
Code red

Hey, code red  
Code red, hey
