

Cyberspace

AC/DC

Hot tail in your face
Black hole rockin' the place
Hong Kong video
Big bang, mad to blow, yeah

In the cyberspace
In the cyberspace
In the cyberspace
Look out, I'm gonna rage

Eight ball in the pack
Big bone, jukebox Jack
Hot star burnin' it up
Full moon runnin' amok, yeah

In the cyberspace
In the cyberspace
In the cyberspace
Look out, I'm gonna rage

Blow you into cyberspace
Blow you all into cyberspace
Blow you into cyberspace
Blow you all into cyberspace, yeah

Cyberspace

Gotta get out, get out of this place
Blow a big hole in the cyberspace
Gotta get out, get out of this place
Blow a big hole in the cyberspace, yeah
Cyberspace

Well, octane down the track
Flat chat smash the mach
Blow out, burnin' hot
Mile high, take you right to the top

In the cyberspace
In the cyberspace
In the cyberspace
Look out, you better look out
In the cyberspace
In the cyberspace
In the cyberspace
Look out, I'm gonna rage

Blow you into cyberspace
Blow you all into cyberspace
Blow you into cyberspace
Blow you all into cyberspace
Blow you into cyberspace
Blow you all into cyberspace
Blow you into cyberspace

Blow you
Blow you

Blow you into cyberspace
