

# Got Some Rock & Roll Thunder

AC/DC

Well, I'm heading on out  
Down to a major town  
I'm getting hungry  
I'm getting neat  
I'm getting down on easy street  
Hey love  
I get by  
I'm feeling tough  
I'm getting wild  
I'm in town  
Ready to go  
Have me around  
And I'll let you know

I got some rock and roll thunder  
Some rock and roll thunder  
Yes  
Hey, hey, hey

I've been working  
Deep and rolled  
I get high on rock and roll  
I get the beat babe on easy street  
I don't get hang up  
I got it made

Down on your luck  
I'll turn you around  
I'm here to help you  
Show you what I found  
Tailor made for you  
The party is in town  
I'm tailor made for you  
Come see what I have found

I got some rock and roll thunder  
I got some rock and roll thunder  
Hey, hey what do you know  
I said feeling great and ready to roll  
I got the rock and roll thunder  
Hey, hey, hey  
Hey, hey, hey

I got some rock and roll thunder  
Rock and roll thunder  
Hey, hey what do you know  
I said feeling great and ready to roll  
I got the rock and roll thunder  
The rock and roll thunder  
I said a rock and roll thunder  
Rock and roll thunder
