

# Love Bomb

AC/DC

Love bomb love bomber  
It's a comin' on strong  
I can't take it any longer  
Come a rockin' through your door

Cruisin' the sky, let's fly  
Blowin' all night and day  
Open your bays, get ready, it's bombs away

Love bomb love bomber  
Don't scare no bother  
Where the size doesn't matter  
Come long, short or badder

Cruisin' the sky, let's fly  
Blowin' all night and day  
Open your bays and drop those bombs away

Love bomb comin' on  
Love bomb  
Love bomb get it hard
