

## Meltdown

AC/DC

I look at my watch to find out the right time of the day  
I look at her libido hey hey hey  
Gotta get up and climb her to roll her on the hay  
Makin' a sweat, temperature rise all through the day

Man it's getting hot hot hot  
I said man it's getting hot hot hot  
It's getting hotter and hotter  
Man it's getting hot hot  
Getting hot around here

It's a meltdown  
It's a meltdown

I got a feelin' in my bones  
I been rackin' my brains out all night long  
Stokin' up the fire take it right up to the wire  
Burnin' on and on' burnin' on

Man it's getting hot hot hot  
I said man it's getting hot hot hot  
It's getting hotter and hotter  
Man it's getting hot hot  
Getting hot around here

It's a meltdown  
It's a meltdown  
It's a meltdown  
It's a meltdown  
Meltdown

Man it's getting hot hot hot  
I said man it's getting hot hot hot  
It's getting hotter and hotter  
And hotter and hotter

It's a meltdown, it's a meltdown  
It's a meltdown, it's a meltdown  
It's a meltdown, it's a meltdown  
I said down down  
It's a meltdown, meltdown, meltdown  
It's a meltdown, it's a meltdown
