

# Rejection

AC/DC

You better give me what I want  
Or I'll bleed on you  
You don't give me what I need  
And I'll come for you

Better keep me on your side  
Or I'll find you in the night  
I've got your name and your number  
And I'll set you all ablaze

Best give me what I want  
Or I'll come for you  
Yes, I'll come for you

If you reject me  
I take what I want  
Disrespect me  
And you get burned

Best keep me satisfied  
Or you know I will eat you alive  
If you reject me  
I take what I want  
Hey, hey, hey

I got a ball and chain  
And I hunt for you  
I ain't got no name  
I look out for you

Revenge, it ain't a sin  
Look out, I'm coming in  
Kick me when I'm down  
Stand up without a sound

Better play my game  
While I bleed on you  
Yes, I feed on you

If you reject me  
I take what I want  
Take what I want  
Disrespect me  
And you get burned

Now I don't want your money and greed  
You better give me just what I need  
If you reject me  
I take what I want  
Take, take, take what I want

And if you reject me  
I take what I want  
Disrespect me  
And you get burned

Now I don't want your money and greed

You better give me just what I need  
If you reject me  
I take what I want  
Hey, hey, take what I want  
Take what I want  
Take what I want
