

Systems Down

AC/DC

Unchained
Feel it burnin' up the heat
See the flames
Scorching everything it seeks

We got a chain reaction
It needs immediate action
This furnace is about to blast

Systems are goin' down
Systems are burnin' out
And they all fall down

Untamed
Like a tiger searchin' feed
Ain't no game
As the earth shakes beneath your feet

We got a plan of action
Risin' heat to the maximum
Who knows if this place implodes

Systems are goin' down
We got a chain reaction
Systems are burnin' out
And they all fall down

Yeah, yeah, yeah, yeah
Hey

This furnace is about to blast

Systems are goin' down
Systems are burnin' out
And they all fall down
(Systems down) Overload
(Systems down) See the flames fly
(Systems down) Goin' down
(Systems down) Watch it burn to the ground
