

This House Is on Fire

AC/DC

Yonder she walks

Yonder she walks

Hitting 103

A little tongue in cheek

Hot personality

She bring on the flames

And it's burning it's burning

My body's achin' tossin' and turnin'

This house is on fire

This house is on fire

This house is on fire

And the flame is gonna burn in

You

She got me runnin' for shelter

Needing quarantine

She got me red hot and wired

Call on emergency

She bring on the flames

And it's burning it's burning

My body's achin' tossin' and turnin'

This house is on fire

This house is on fire

This house is on fire

And the flame is gonna burn in

You

You got me burnin' and burnin'

You got me tossin' and turnin'

This house is on fire

House is on fire

This house is on fire

House is on fire

This house is on fire

This house is on fire

House is on fire

And the flame is gonna burn in

I'll bet it's gonna burn

I'm gonna burn

You
