War Machine

Push your foot to the floor Don't need no more You've been dickin' all around While they're messin' about

Better get your name, come on in Gimme that thing and feed your war

War Machine (War machine) War Machine (War machine)

Make a stand, show your hand Call in the high command Don't think, just obey I'm like a bird of prey

So better get your name, come on in Gimme that thing and feed your war

War Machine (War machine) War Machine (War machine)

Better watch your back And cover your tracks Kick your foot through the door Hit the deck, know the score

They take you by surprise And here's mud in your eye This will be the day they shouldn't forget Call of the wild, hungry for more And feed your war

War Machine (War machine) War Machine (War machine) Let's go

I've seen your war War Machine (War machine) War Machine (War machine) War Machine (War machine) War Machine (War machine)
