## **House of Praise**

House of Praise, House of Praise There is a path before us And it's there that we must choose For the road that leads to life is what we're after Within the pounding chorus We hear the words of truth For the knowledge of Him brings the joy and laughter Dwelling in the presence of His majesty Is liberty, I'm free to sing That is where my soul will always long to be Even when it seems I can't go on

The Lord, He has given me the power (And He's) with me every hour And made my heart His dwelling place And Lord, we thank You for Your Son And all the battles won That brought me to Your house of praise

House of Praise

He will always answer you When you kneel to pray God has made it plain that He is the giver It may not be in my time But I know He'll make a way Cause I'm living in the light of One who delivers

(Oh, yes I'm) Reaching down from heaven
He took hold of me
So carefully He rescued me (oh, He rescued me)
No one here has yet encountered Calvary
(Oh, and) That is why in faith I'm pressin' on

The Lord, He has given me the power (And He's) with me every hour And made my heart His dwelling place And Lord, we thank You for Your Son And all the battles won That brought me to Your house of praise

We magnify Your name most high We look to You for your are life We endlessly adore Your name For You will always be the same You are the Lord of lords And King of kings We praise Your name in everything We long to see You in the sky We love You, lift You on high

## (2x):

The Lord, He has given me the power (And He's) with me every hour And made my heart His dwelling place And Lord, we thank You for Your Son And all the battles won

## Acappella

That brought me to Your house of praise

Bringing me to your house of Praise
