

# Rescue

## Acappella

Lord You know everything I've done  
Every thought I've had, You know every one  
And Lord You know every time I fall  
Still You come to my rescue when I call

Lord You hear every idle word,  
Every thoughtless deed, how it seems absurd  
That Lord You give, not what I am due  
But mercy; You come to my rescue

You come to my rescue, rescue (4x)

Lord You care and You've become my friend  
Amazing love whose boundaries have no end  
And Lord You show what a greater love can do  
By being there for my rescue

And Lord I give all I can give (all my heart)  
All of my heart as long as I shall live  
So Lord, oh Lord, I just want to thank You  
For coming, coming to my rescue

You come to my rescue, rescue (4x)

It's hard to tell You just how grateful I am  
But I'm still gonna make it show  
With every breath gonna let You know

I am accepting though I can't comprehend  
How I could be worth the cost  
When I was bound, despised and lost

Lord I give all I can give (all my heart)  
All of my heart as long as I shall live  
So Lord, oh Lord, I just want to thank You (I really want to thank you)  
For coming, for coming to my rescue

You come to my rescue, rescue (2x)  
He is always there for me (rescue, rescue)  
And he'll be right, right there for you (rescue, rescue)  
Oh Lord I know I don't deserve it (rescue, rescue)  
But you love me anyhow (rescue, rescue)  
You come to my rescue (rescue, rescue)  
Keep on coming to my rescue (rescue, rescue)

(Repeat last two lines and fade)
