

Take it Away

Acappella

Hearts relating to the message waiting
For the contemplating souls today
Search to borrow any hope tomorrow
And divert the sorrow far away

Chorus:

Take it away (no more sorrow)
Take it away (take it away)

Hopeful wishin' from a sad condition
That your next decisions show the way
Men aspire just to take them higher
But the Justifer has the say

Repeat Chorus

No more sorrow, take it away
No hope tomorrow, not unless you take it away (take it away)

Hearts relating to the message waiting
For the contemplating souls today
Search to borrow any hope tomorrow
And divert the sorrow far away

Repeat Chorus (2x)

No more sorrow, take it away
No hope tomorrow, not unless you take it away
