

# Teaching the Truth in Love

Acappella

Chorus:

Are we teaching the truth in love  
Telling it like it is  
While holding pure motives  
And showing that we care  
Are we teaching the truth in love

A man came to my Jesus  
Telling all that he had done  
To fulfill the good commandments  
He knew every single one  
But Jesus said there's something  
That indeed he did lack  
Yes the savior told the truth  
He didn't hold the message back

(Because)

He was teaching the truth in love  
Telling it like it is  
While holding pure motives  
And showing that He cares  
He was teaching the truth in love

A woman caught in evil and without an alibi  
The truth, so very obvious, made no attempt to lie  
With all the foes against her how she felt so all alone  
Until Jesus asked the people who would throw the first stone

Teaching the truth in love  
Telling it like it is  
While holding pure motives  
And showing that He can  
He was teaching the truth in love

Sometimes it's hard to know exactly how we are to share  
With our Master's words of confidence, directly, do we dare?  
Should we water down the message, should we tell them only parts?  
Will they see Him in our message, will they see Him in our heart?

Repeat Chorus (2x)

We're teaching the truth in love  
Give Him the peace of His Love  
Yes in love, oh yes in  
We're talking, we're talking love  
Oh, in love, yeah.
