

We Have Seen His Glory

Acappella

He fed the thousands who did not have bread (Luke 9:10-17) I saw him bringing people back from the dead (Luke 8:49-56) He drove out demons from the demon-bound (Luke 8:26-39) And taught us how to walk on holy ground

He made the leper's skin like new (Luke 17:11-19) The storm dissipated when he told it to (Luke 8:22-25) Took jars of water turned it into wine (John 2:1-11) The Savior even healed this heart of mine

We have seen His glory We have seen His glory We have seen His glory The one and only son

I was there the day when the dove came down (Matthew 3:16-17) Saw soldiers with thorns to make His crown (Matthew 27:28-29) Felt the whole earth quake, darkness on the land (Matthew 27:51-55) After he was dead, he came to life again (Matthew 28:2-10)

I was there when he said that he couldn't stay Was on the Mount of Olives watching Him fly away (Luke 24:44-53) In the upper room with power, the Spirit came To give us guidance as we declare His name

We have seen His glory We have seen His glory We have seen His glory The one and only son

I see how he works in our lives today Through the things not explained any other way I have known his guidance and I understand The contentment shown by His loving hand

I can see Him working in His family Who are clearly following their destiny I can feel his power in their unending love An awesome power coming from above... above

We have seen His glory We have seen His glory We have seen His glory The one and only son

We have seen the glory of the Son
