

## Who is Gonna Tell the Child?

Acappella

Who is gonna tell the child about Jesus  
Who is gonna tell the child about God?  
Well I believe, I believe it's my responsibility to  
Tell the child about God  
See that child, standing on the corner,  
Wondering which way to go  
Should he go left, should he go right?  
I believe the child really ought to know now

Chorus

See that child, his life is a mess  
You wonder what's inside of his head  
If someone doesn't tell him 'bout the love of the Lord  
You know he's gonna wind up dead

Chorus

Who'll tell the children?  
Who'll lend a hand? (Who'll lend a hand?)  
Their way is hopeless Without the Man  
Think about it  
Can't you see that boy hanging in the streets  
Trying to do the best he can?  
If he only knew he has a Father who cares  
I believe he'd grow to be a better man

Chorus
