Crucified

Life is like a slot machine Nothing's guaranteed You might give your soul away To cut yourself a deal I really hate uncertainty Will I win or lose

Ain't nothing but a game Going insane, roll the dice again Crucified, deep inside I'm feeling crucified

Life is like a lottery Can I ever win Will it be another one Or me, who's cashing in

Ain't nothing but a game Going insane, roll the dice again Crucified, deep inside I'm feeling crucified
