## **Neon Nights**

When the day is done The night rolls in Lonely lovers come alive Like a heartbeat In a world of sin Cruising around hungry eyes Like a midnight train Going nowhere Fading dreams of the city Penthouse beds Sweet love affairs Crimes of passion for the pretty Man in blue on his beat Unseen faces in the streets Neon nights - neon nights - endless flame Neon nights - neon nights - never change Neon nights - neon nights - endless flame Neon nights - neon nights Red eye whisky And lady luck Have always been good friends Their love is pain The same old stuff Always alone in the end Could they be me and you Watching how the nights move Neon nights - neon nights - endless flame Neon nights - neon nights - never change Neon nights - neon nights - endless flame Neon nights - neon nights Neon nights - neon nights - endless flame Neon nights - neon nights - never change Neon nights - neon nights - endless flame Neon nights - neon nights Neon nights, ...
