

Overnight Sensation

Accept

Don't wanna be a star
On the Hollywood Walk of Fame
'Cause I'm a big deal, yeah
On the internet wall of pain
I don't need to drive no car
I'm never gonna work that hard
I just need more speed and my own domain

I get smiles and frowns, ups and downs
Each and every afternoon
I get hearts and tears, wows and cheers
I never even leave my room

I need instant gratification
I'm an overnight sensation
A subject of adoration
Overnight sensation
Gonna be an overnight sensation

I wanna be famous for nothin'
Just like a Kardashian
Tell the world my whole life story
Even though I don't have one
I can teach you to paint by number
How to freshen up your page
You're gonna get my opinions
'Cause I'm a boss, and it's my stage

I get smiles and frowns, ups and downs
It doesn't matter what you choose
I get hearts and tears, wows and cheers
Just wanna get a million views

Gimme instant gratification
I'm an overnight sensation
Craving the admiration
Overnight sensation
Oh, I need no justification
Overnight sensation
Gonna be an overnight sensation

I get smiles and frowns, ups and downs
It doesn't matter what you choose
I get hearts and tears, wows and cheers
Just wanna get a million views

I need instant gratification
I'm an overnight sensation
I'm a source of agitation
Overnight sensation
I never even had a graduation
I'm an overnight sensation
It's all viral masturbation
Overnight sensation
I'm gonna be an overnight sensation
