

## Never Enough

ACCVSED

Like a cut so deep it doesn't hurt  
I'm sick to the core  
You can just leave it to me  
Just leave it to me

I wanted too much cause I deserve it all  
Greed consuming me  
When I finally stop  
There will be nothing left of us  
I wanted too much cause I deserve it all  
Growth is all that counts  
But the better I get the harder I fall  
Like a cut so deep it doesn't hurt  
I'm sick to the core  
You can just leave it to me  
Relentlessly, I'll bury it all  
Like a cut so deep it doesn't hurt  
I'm sick to the core  
You can just leave it to me  
Just leave it to me  
Find me where the stakes are high  
I'll put it all on red  
No matter the cost  
Give less than I take  
You put the blame on me  
I'll leave trail like a Hurricane

Find me where the stakes are high  
I'll leave a trail of pain  
Like a cut so deep it doesn't hurt  
I'm sick to the core  
You can just leave it to me  
Relentlessly, I'll bury it all  
Like a cut so deep it doesn't hurt  
I'm sick to the core  
You can just leave it to me  
Just leave it to me  
I wanted too much  
Cause I deserve it all  
Even when I bled you dry  
It will never be enough  
I flourish  
When all is lost

I'll leave a trail  
Don't follow me here  
Is it too much to ask  
To suffer for me when I'm already dead
