

# A Little Below the Angels

Ace Frehley

Alcohol was a friend of mine  
It almost got me dead  
I crashed some cars, got into fights  
Some things I now regret

I've been told I've got nine lives  
Or maybe even ten  
Now I've changed my ways, my soul's restored  
I'm better now than then

We're just a little below  
A little lower than the angels  
And that's alright  
That's alright with me

Temptin'd fates, not what I want to do  
I'll soon enough be dead  
And all that glitters isn't always gold  
You know I've heard it said

I've taken chances, I crossed the line  
I lost my faith in love  
Now the road is clear  
My aim is true, with help from above

We're just a little below  
A little lower than the angels  
And that's alright  
That's alright with me

We're just a little below  
A little lower than the angels  
And I can't fly  
I won't fly away

You know I won't fly away  
We got to find our own way  
But I don't know if I'll make it to Heaven  
Just open the gates of Hell

Daddy, have you ever seen an angel?  
Sure baby  
Well, what was it like?  
The most beautiful thing I've ever seen

Just a little below  
A little lower than the angels  
And that's alright  
That's alright with me

We're just a little below  
A little lower than the angels  
And I can't fly  
I won't fly away

We're just a little below  
A little lower than the angels

And that's alright  
That's alright with me

We're just below  
A little lower than the angels  
And I can't fly  
I won't fly away

We're just a little below  
A little lower than the angels  
And that's alright  
That's alright with me

We're just a little below
