

Bronx Boy

Ace Frehley

Better be careful
Or you could disappear
You might be bought or sold
No one will even care
Now there's a golden rule:
Be ready to attack
Remember loyalty
Ain't gotta watch my back

Bronx Boy
Just trying to exist
I never played with toys
Don't give me bullshit
I'm just a street kid
We seek and destroy
Now there's a bunch of it
I'm just a Bronx Boy. (Bronx Boy!)

Better watch out
You better stay awake
'Cause this is our turf
And there'll be hell to pay
We got our switchblades
Our homemade zip guns
We're in a rumble
Soon as the night comes

Bronx Boy
Just trying to exist
I never played with toys
Don't give me bullshit
I'm just a street kid
We seek and destroy
Now there's a bunch of it
I'm just a Bronx Boy. (Bronx Boy!)

Now listen
You better not lose your way
And be careful!
Don't question what I have to say
You better look out!

Bronx Boy
Just trying to exist
I never played with toys
Don't give me bullshit
I'm just a street kid
We seek and destroy
Now there's a bunch of it
I'm just a Bronx Boy. (Bronx Boy!)

Bronx Boy
Just trying to exist
I never played with toys
Don't give me bullshit
I'm just a street kid
We seek and destroy

Now there's a bunch of it
I'm just a Bronx Boy. (Bronx Boy!)
