

Calling To You

Ace Frehley

There's something moving in the air tonight
Something moving at the speed of light
And it's calling, calling, calling to you

I got a feeling running thru my veins
We may never get this chance again and
It's calling, calling, calling to you, yeah

Some can't understand
And they'll only go so far
It all depends on you
To fight for what you are

Strike the drums
Stand up and shout
It's only rock and roll
That's what were all about

There's a feeling from inside your soul
There's a feeling in the rock and roll
And it's calling, calling, calling to you, yeah

No easy going, no compromise
You know the rhythms got me hypnotized
It's calling, calling, calling to you, yeah

Strike the drums
Stand up and shout
It's only rock and roll
That's what were all about
