

# Inside the Vortex

Ace Frehley

Travelin' through the ages  
Moving through space and time  
Catching a glimpse of  
What I can find

Inside the Vortex  
It's so sublime

My life's gone through changes  
Somehow I survived  
My universe faded  
But now I'm alive

Inside the Vortex  
Baby, it's so sublime

Passing by constellations  
Seeing comets fly by

Inside the Vortex  
Yeah, it's so sublime  
Within the Vortex  
I'll make you mine

Inside the Vortex  
Baby, it's so sublime  
Within' the vortex  
You know I feel alive
