Welcome to the deep side  
Chuckin' up the peace sign  
Mean time, trying to tally up the green guys  
Nothing for a weak mind  
Most these niggas read mine  
Penitentiary, I'm still screamin' free mine  
Glock 9 do a nigga just like a stop sign  
Everybody got a Rollie, but it's my time  
I think it's funny when they hating on the sideline  
Only nigga that can go and get a miss and  
Then jump right back with the mitts like Barry Bonds  
Right back like I never left, ooh

My girl booty like a teddy bear  
Go get the money boo, it's everywhere, ay

Back in the building they hoping it could not be  
You rap niggas got a dead line  
I'm at your neck like a bow-tie, whew  
Word to my nigga Ray Ray, shit  
Everything's on the left side, oh  
Keep sleeping, white coupe two seated, with the roof, I don't need it  
On you mad, so be it, huh  
These rap dudes come and go like the bus  
Do you ever need a job, come see me in a year or two

Enough is enough is, I guess I gotta show niggas  
What you doing where you at where you been, nigga  
In the gym moving weight like a dope dealer  
Been realer in the studio with the wrist whippin'

Big business, got the south on my back boy  
You want a feature? 50 bands on the invoice  
Aww shit, here we go again  
Another nigga came from nothin, acting arrogant  
Another black motherfucker thinking all us trouble  
Niggas hating so much, I bought a bigger benz, whew  
Pulling up like, "Remember me?"  
Even Drake know they trying to drain your energy  
I got the game sleeping on me, but my Glock stay woke  
Couple of places in my hood that you just can't go, ay

Feel like they forgot about a nigga  
Boy you looking at the illest  
Point 'em out and I'mma get em
