Ace Hood

I felt you could push the culture, 'cause you aren't in a rush  
You're cool with taking the long way, you're cool with taking the stairs

Cool, cool, cause either way we're gon' get there  
And you're cool with the challenge, you're wit' wit' it fightin  
g you back, 'cause everything good is gonna' fight you back  
You're not just gonna go get it. So, you're one person that I believe could actually do it

By any means necessary we gon' do that shit, by any means necessary, I'mma keep growing, I'mma keep being great, keep being an amazing father, amazing friend, amazing supporter, you know, a mazing musician, amazing person/human-being  
And, and, and that's what I have to offer as an artist, as a person, you know what I'm sayin'?
