

# Blessed

Ace Hood

You know...

I'm so grateful for everything  
For every experience, for every roadblock  
For every good person, for every bad person  
Grateful  
Trust the process

Everything 'bout a nigga' blessed  
Everything 'bout a nigga' blessed  
Everything ain't about a K  
Everything ain't about a K  
Know I got the squad on deck  
And we gon' make a movie on the set  
Pull up like I own that shit, yo' baby-mama's on my dick (wait, wait, wait)

Lo-lovin' this zone that I'm in  
I don't ever want this feeling to end (wait, wait, wait)  
Par-parking lot pimpin' wit' ya' friends  
You gon' probably get the pussy that way (wait, wait, wait)  
I ain't hit the weed in a while, I'm surprised I've been feeling so great  
Ridin' 'round rippin' in a Wraith, got that K. Lamar bumpin' in that bass  
Blessed up, toes to the chest up  
Queen, butt-naked, cookin' breakfast  
I just wanna' ride her like a Lexus  
Diamonds so retarded, rode the short bus (yes, lawd!)  
Had to tell the jeweler to anoint us (yes, lawd!)  
Stay prayed up, that's a message  
Just to see tomorrow is a blessin'  
Stay prayed up is the message

Everything 'bout a nigga' blessed  
Everything 'bout a nigga' blessed  
Everything ain't about a K  
Everything ain't about a K  
Know I got the squad on deck  
And we gon' make a movie on the set  
Pull up like I own that shit, yo' baby-mama's on my dick (wait, wait, wait)

Wake up in the morning to a new day (thank you Lord)  
Gotta' thank the man up above me  
I might fuck around and drop a mix-tape  
I meditate and turn into a sensei  
Pray everyday I get my life straight  
Heart turn cold like a ice tray  
Slidin' through the city like it's first base  
Blessings to my homies caught a cold case  
This for nigga's gettin' it on the low-low  
Hustlin' so their family is straight though  
I respect the game, nigga' bag up  
Covered in them crosses from the bad luck  
Smilin' for no reason, I got joy  
Way too much finessin', too much poise  
Miss my baby girl and my lil' boy  
Every single time I hear their voice... (I'm like)

Everything 'bout a nigga' blessed  
Everything 'bout a nigga' blessed

Everything ain't about a K  
Everything ain't about a K  
Know I got the squad on deck  
And we gon' make a movie on the set  
Pull up like I own that shit, yo' baby-mama's on my dick (wait, wait, wait)
