

# Glory

Ace Hood

I done been rollin' down  
Rollin', rollin'

I done been rollin' down by the deep  
I done been washed up by the sea  
I see through your fogginess and the debris  
I see through your motive hidden underneath  
I was under pressure, heavy under stress  
To meetin' the expectations, risin' higher levels  
I will never settle, fold, I would never  
Bold as a rebel, told, I would never  
I done been down rollin' by the deep  
I done been washed up by the sea  
I see through your fogginess and the debris  
I see through your motive hidden underneath  
I was under pressure, heavy under stress  
To meetin' the expectations, risin' higher levels  
I will never settle, fold, I would never  
Bold as a rebel, told, I would never

I knew I was built for it from the start  
Created my own light in the dark  
I feel like I'm Mozart with the art  
My Cubans are iced out, need a scarf  
I feel like I'm Huey P. when in the march  
I feel like I'm Malcolm X with the chop  
By the window

Glory (Lord)  
You can't imagine the story (Lord)  
Hardest (Lord)  
Thought it when I was a shorty (Lord)  
Risin' (Lord)  
There were so many before me (Lord)  
Glory (Lord)  
You can't imagine the story (Lord)

Madness, we been livin' in madness  
Killin' each other instead of them suckers who really oppressin' the masses  
'Nother one in the casket  
Blacker the berry, you know ain't no sort of compassion  
Had to study they tactics, we living gods  
And they tryna bury our magic in their devilish action  
Ain't no more doubtin' my greatness  
Look adversity dead in they faces  
Went through all them emotion, no phases  
Hit the gym for some modifications  
I've been broken before, I've been down bad  
I'ma keep it three K, I'm an outcast  
I been observin' the forecast  
Still standin' whenever the storm pass  
In that moment, you gotta believe it  
Other side of that fear is your freedom  
That's the difference in livin' and breathin'  
Findin' your reason

I always knew that the possibilities would be endless

I did it my way
