

## Angel Eyes

Ace Of Base

I know that I'm not the first one  
You've had love in your life before me  
But when your lips touched my lips  
It felt like I was kissing destiny

Angel eyes with your angel eyes  
Will you always be there to hold me  
Angel eyes, I am satisfied  
I don't want to hear your story  
'Cause I can see the things  
I really want to see  
I am in love

I believe in what I'm feeling  
I'd give everything up just for you  
Love is devoted to those who see  
That the last dance you dance with a truth

Angel eyes with your angel eyes  
Will you always be there to hold me  
Angel eyes, I am satisfied  
I don't want to hear your story  
'Cause I can see the things  
I really want to see  
In your eyes

Angel eyes just want you here to hold me  
Angel eyes...
