

Punk Rock Chicks

Ace Troubleshooter

Tonight I went to a punk rock show,
The band was really good and the lights were all low.
I saw one on my left, I saw one on my right,
Those punk rock chicks really made my night.

Gimme gimme gimme one sweet punk rock chick,
I said they look so good and yeah they look so fine.
Gimme gimme gimme one sweet punk rock chick,
Yeah one of these days I'll make one mine all mine.

To the one on the left I said, "How do you do?"
She showed me her ring and said, "Toodaloos."
To the one on the right I said, "What do you know?"
But I had to leave cos of her B.O.

Tonight I'm gonna get me one sweet punk rock girl,
Cuz they're the coolest in all the world.
I'll see one at the show and I'll know for sure,
That she's the one for me and I'm the one for her,
It'll be so fun...Gotta get me one.
