

Message to You

Ace

Trying to get a message to you
The things that you told me, they're true
You said my love would never last
Just become a thing of the past
Well, baby, I should know
When it's time for me to go
'Cause I've given everything
And my love is wearing thin

You came flying into my life
And you made me see
I've been waiting a long, long time
You gave me the key
When I opened up the door
Darling, what did I see?
Life has got so much to give
Long as you can see

Fly like a bird
Flies for a brand new day
Fly like a bird
Flies for a brand new day (Alright, yeah)
Fly like a bird
Flies for a brand new day
Fly like a bird
Flies for a brand new day

Well, I'm trying to get a message to you
The things that you told me, they're true
You said my love would never last
Just become a thing of the past
I said, baby, I should know
When it's time for me to go
'Cause I've given everything
And my love is wearing thin

You came flying into my life
And you made me see
I've been waiting a long, long time
You gave me the key
When I opened up the door
Darling, what did I see?
Life has got so much to give
Long as you can see

Fly like a bird
Flies for a brand new day
Fly like a bird
Flies for a brand new day (For a brand new day, alright)
Fly like a bird
Flies for a brand new day (Alright, yeah)
Fly like a bird
Flies for a brand new day, yeah

Well, I'm trying to return to you
I'm trying to return
I'm trying to return

I'm trying to return, yeah, to you
