

# The Real Feeling

Ace

There ain't nothing to stop you  
You can do anything  
You're flying on a vibration  
When you're feeling the real feeling

When you are into a rhythm  
With your body and soul  
Well you're getting the message  
When you're feeling the real feeling

It can turn you on  
It can turn you around  
It can turn your whole world upside down

When you are into a rhythm  
With your body and soul  
Well you're getting the message  
When you're feeling the real feeling

It can turn you on  
It can turn you around  
It can turn your whole world upside down
