

Tell me why I made the same mistake again?

Why?

Well I was alright till you moved in

Well it seems I've been this way before

But I've never felt so bad

Why?

People think that it's easy

They ain't never tried

Play on a stage for a living

Never see the other side

Well I ain't complaining

I just think it's a crying shame

The folks with the least to give

Are the folks with the most to gain

Tell me why I made the same mistake again?

Why?

I was alright till you moved in

Well it seems I've been this way before

But I've never felt so bad

Why?

People think that it's easy

They ain't never tried

Play on a stage for a living

Never see the other side

Why?

Why?

Why?
