Now who is you, baby girl, who you supposed to be?
'Cause obviously you don't know you're dealing with a me,
Go ahead, you a cold piece
Yea, go ahead, you a cold piece
Ah yea, and you cool as a moose
Somebody better stop er, ain't nothing the fool lose
Go ahead, you a cold piece
Yea, go ahead, you a cold piece
Yea, I know how you feel
Like a pocket full of fresh pressed 100\$ bills
Go ahead, you a cold piece

Girl steps imposing like the chosen
Flows go no no, below the question
Floatin on a hole, never live in a pole
You can call me, take a picture, a decoded message
We can see that you're not on my frequency
And frequently it seems that they all want a piece of me
Easily, you look at me before you throw that book at me
Since you're pretty much the baddest essentially
Don't even speak to me, just saying in the Panama
Don't even talk to me, just go back and stand in line
Don't be surprised when I'm comin through at dinner time
'Cause I got the sauce, it's the best one that I could find
Go ahead, you a cold piece
Yea, go ahead, you a cold piece
Ah yea, who you supposed to be?
'Cause obviously you don't know you're dealing with a me,
Go ahead, you a cold piece
Yea, go ahead, you a cold piece
Ah yea, and you cool as a moose
Somebody better stop er, ain't nothing the fool lose
Go ahead, you a cold piece
Yea, go ahead, you a cold piece
Yea, I know how you feel
Like a pocket full of fresh pressed 100\$ bills
Go ahead, you a cold piece
Yea, go ahead, you a cold piece

Oh, yall still here?
Wanna get close to the baller of the year?
Don't move, baby, lemme holler in yo ear
Don't puppy dog me, I don't bother with the tears
Nack for this, went out to practice
This is how I mack this
Back when I used to backflip the mattress
Now I got a sec, I flip this under the mattress
And I look good doin it, that was the capture
A whole paper knew the universal attraction
All that one with the stars, called action, reaction
May, let me tell you this, it's only a fraction
I guess I was blessed with a different connection
Now please don't be overwhelmed bout who you in the presence of
Tell everybody that you cut him at the essence of
Something wonderful, you couldn't see
I guess they didn't know that they was dealin with a me

Go ahead, you a cold piece
Yea, go ahead, you a cold piece
Ah yea, who you supposed to be?
'Cause obviously you don't know you're dealing with a me,
Go ahead, you a cold piece
Yea, go ahead, you a cold piece
Ah yea, and you cool as a moose
Somebody messed up and they let the fool lose
Go ahead, you a cold piece
You a cold piece
Yea, I know how you feel
Like a pocket full of fresh pressed 100\$ bills
Go ahead, you a cold piece
Go ahead, you a cold piece
