

Around

A.CHAL

Yeah
Whether I'm up or I'm down
I'm always around
Yeah, yeah, yeah, yeah
Whether I'm up or I'm down
I'm always around

Girl I fuck with your pussy and your emotions
If I really make you mine, then I'mma be petty
4 a.m., it's still pouring, pouring
If I tell you some deep shit, don't make me regret it
Too much social media got me taking shit for granted
I been at the London doing shit like Marilyn Manson
Running up these checks, independent, no advances
She say I'm a demon but she know that I'm romantic
God must've wrote something up in your eyelids
Cause you keep on rolling your eyes up when I'm trying
Trying to tell you the truth, I'm probably lying
They think I'm up to something when I'm vibing

Yeah, yeah
Whether I'm up or I'm down
I'm always around
Yeah, yeah, yeah, yeah
Whether I'm up or I'm down
I'm always around
