

## Come Back

A.CHAL

When are you coming back?

When are you coming back?

When are you coming back?

-Oh, five minutes, what do you mean?

Come right back!

-I really like you

And I will be really sad if you don't come back

Unless you tell me

If you're not coming back, just tell me

Don't lie to me!

Are you gonna come back alive?

-I told you I'm coming back!

Just come back

Come back
