

INDIGO GIRL

A.CHAL

Indigo girl, still full of dreams
Yeah, you want the right things, but that isn't me
Why you sticking around after everyone leaves?
Don't want you to turn out like these girls on IG

Yo no sé, "I don't know if we should keep going"
Don't fuck around and turn yourself
'To someone else without knowing

'Cause I know how to let go
I'll show you how to let go
Yeah, I don't wanna change you
That's why I never get close
And I, I know how to let go
I'll show you how to let go
That's why I never get close

Indigo girl, tongue full on moon
You weren't ready for this world I brought you into
Yeah you went and changed for all the wrong men
But how can I be mad when I introduced you to them? Yeah

Yo no sé, "I don't know if we should keep going"
Don't fuck around and turn yourself
'To someone else without knowing

'Cause I know how to let go
I'll show you how to let go
Yeah, I don't wanna change you
That's why I never get close
And I, I know how to let go
I'll show you how to let go
That's why I never get close

Now I don't make time for you
And I make you wanna fight for my attention
Girl, don't lie to me
Just to show me how wild you gon' get

'Cause I know how to let go
I'll show you how to let go
Yeah, I don't wanna change you
That's why I never get close
And I, I know how to let go
I'll show you how to let go
That's why I never get close
