

Nana

A.CHAL

Ooh, ooh, ooh, ooh

Sometimes I feel no matter what I do, it's nana, nana
I remember bein' down, they was like, "Nah, nah"
Sometimes I wanna grab a choppa, make it go, "Rah, rah"
Sometimes I need a bad bitch to make me fall in love, love

Wake up in the morning, say my grace
Wonder if my brother beat the case
Look into the mirror, face to face
I can't let my time go to waste (Woo)
Hit the gas, I'm pickin' up the pace (Vroom)
Hate the clout, I want a different way
See her ass and I don't see the waist
That pussy/shit an inspiration for me, yeah, yeah

Benjamins I stuff 'em in the [?], ayy
Had to make it work a different way
Had to take the glory with the pain
The shit I'm doin' just to keep me sane
Shawty call me still, I'm not ashamed
Treat me well, let's cut off all this game
Treat me well, let's cut off all this game

Sometimes I feel no matter what I do, it's nana, nana (Nana)
I remember bein' down, they was like, "Nah, nah" (Nah, nah)
Sometimes I wanna grab a choppa, make it go, "Rah, rah" (Rah, rah)
Sometimes I need a bad bitch to make me fall in love, love (Love, love)

Guadalupe hangin' on my neck
She pullin' on it when we havin' sex
She know I'm a demon in the bed
That's some shit [?] can't protect
I saw shit come between the set
It's a family ting, don't forget
Had to double back on my debt
I'ma do it all 'til I'm dead

Benjamins I stuff 'em in the [?], ayy
Had to make it work a different, ayy
Had to take the glory with the pain
The shit I'm doin' just to keep me sane
Shawty call me still, I'm not ashamed
Treat me well, let's cut off all this game
