

Perdóname

A.CHAL

Perdóname, perdóna-perdóname
Perdóname, perdóna-perdóname
I was goin' with the flow, you were into it
We might have said some words that we didn't mean
Perdóname, perdóna-perdóname
Perdóname, perdóna-perdóname
I gotta handle some things, I'll be back again
But now I gotta go though, perdóname

You've been waitin' all night, said I'd call back
In the plane but not on my way back
Spent about a week in New York, yeah
I wish I could tell you, but I can't, no
You say you high and you naked
Waiting for me don't think I'ma make it
Just got another text, I'm tryin' to erase it
All this lyin', don't know how long I'll take it

Perdóname, perdóna-perdóname
Perdóname, perdóna-perdóname
I was goin' with the flow, you were into it
We might have said some words that we didn't mean
Perdóname, perdóna-perdóname
Perdóname, perdóna-perdóname
I gotta handle some things, I'll be back again
But now I gotta go though, perdóname

Saw you in the car with someone else
I pulled right in front then I got out
Knockin' on the window, tell him come out
She yellin', "Ayy you gotta calm down"
I know I'm actin' out, girl, but fuck it
You with him 'cause I ain't around when you want me
I didn't tell you how I felt, I was frontin'
Yeah you know I was frontin'

Perdóname, perdóna-perdóname
Perdóname, perdóna-perdóname
I was goin' with the flow, you were into it
We might have said some words that we didn't mean
Perdóname, perdóna-perdóname
Perdóname, perdóna-perdóname
I gotta handle some things, I'll be back again
But now I gotta go though, perdóname
