

# Quicksand

A.CHAL

I been coping  
I gotta make a decision right now, I feel hopeless  
In and out of a situation that I ain't growing in  
Why am I playing these games with you when I'm a grown man?  
We keep going

Back, forth, back, forth  
Always on repeat  
We be fighting, fucking  
Hate it when I leave  
Had my phone out (damn)  
You saw the receipts  
Tried to come back (wait)  
I'm not what you need, but

Here I am  
Rolling with you in this quicksand  
Holding on to what could have been  
But we know it's different  
And when it feels good, it feels good  
At the end, we just misunderstood  
Yeah, yeah  
Here I am  
Deep in this quicksand  
And when it feels good, it feels  
(Shit feels amazing)

Girl, we really gotta forget  
Even if I gotta force it  
I gotta stick to this  
You gotta stick to this  
You were my closest  
Can't let go of these emotions  
Climb out and fall back in  
We know the consequence

Back, forth, back, forth  
Always on repeat  
We be fighting, fucking  
Hate it when I leave  
Had my phone out (damn)  
You saw the receipts  
Tried to come back (wait)  
I'm not what you need, but

Here I am  
Rolling with you in this quicksand  
Holding on to what could have been  
But we know it's different  
And when it feels good, it feels good  
At the end, we just misunderstood  
Yeah, yeah
