

Right Now

A.CHAL

Bueno, de la edad de 15 años en adelante, de donde yo soy, que es el municipio del Badiraguato, yo me crié en un rancho que se llama La Tuna, por allá hasta la fecha no hay fuentes de trabajo

I can only think about right now
Right now I'm all about right now
I can only think about right now
Right now I'm all about right now
This money motivates me
But it'll never take me
I can only think about right now
Right now I'm all about right now

Don Dada
I'm going out like Osama
I'm coming up like Obama
Don't even talk bout mañana

No I won't wait
I whip it fast with no breaks
They talking luck, too much faith
They talking work, so much weight
Money on my mind

I can only think about right now
Right now I'm all about right now
I can only think about right now
Right now I'm all about right now
This money motivates me
But it'll never take me
I can only think about right now
Right now I'm all about right now

I'm breaking hearts, models and some bottles
I'm moving low-key like El Chapo
I'm having nightmares, Donnie Darko
I'm swagu chillin' with my GAZUS

No I won't wait
I whip it fast with no breaks
They talking luck, too much faith
I'm talking work, so much weight
Money on my mind

I can only think about right now
Right now I'm all about right now
I can only think about right now
Right now I'm all about right now
This money motivates me
But it'll never take me
I can only think about right now
Right now I'm all about right now

You know what i'm saying?
Everything fuego
