

Walk On Everything

A.CHAL

Walk, walk, walk, walk
Walk, walk, walk, walk
Walk, walk, walk, walk
Walk, walk, walk, walk
Walk, walk, walk, walk
Walk, walk, walk, walk
Walk, walk, walk, walk
Walk, walk, walk, walk

Walking, yeah, I'm walking, yeah
I can't walk on anything
Life telling me to slow down
Pero quiero everything
I don't know where it's going
Sometimes you gotta let it be
Walking, yeah, I'm walking, yeah
I can't walk on anything

I'm feeling shots all over my body
Psilocybin in my stomach, having outta body
Soon I'm at a party and it feels illuminati
Shawties doing K in the hotel lobby
Toxins in my body, gotta throw em up
Talking to my angels, I just call em up
You see while I'm standing [?]
Careful what I say, can't let em know enough

I'm feeling rich and trying to get into my mind
In the next dimension, bitch, I ain't got no time
Walking down, I'm stepping through the fire
Through the fire

Walking, yeah, I'm walking, yeah
I can't walk on anything
Life telling me to slow down
Pero quiero everything
I don't know where it's going
Sometimes you gotta let it be
Walking, yeah, I'm walking, yeah
I can't walk on anything
