

## Purification Day

Acheron

The time has come to rid the earth of all its Christian filth  
Exterminating all alive and accepting without guilt  
Only through the spilling of blood can the world be cleansed  
Rivers of red must run free for us to make amends

Purification day, has come, purification day

Judgments come, reaper's song, murder must now take place  
Rejoice in death, final breath, dying God's children must face

Executions taking place for the good of mankind  
Knowing that purity is what we plan to find  
Showered in the blood of unworthy souls  
Salvation by death, as Satan takes his role

Purification day, has come, purification day

Judgments come, reaper's song, murder must now take place  
Rejoice in death, final breath, dying God's children must face
