## Acid Drinkers

Boy, you can go away  
And don't try and come back  
I don't forgive mistakes.  
don't you excuse yourself  
You're a scabby liar  
We need some blood to clean our honor.  
I am a Titan of patience  
You will lose your first battle  
I wont give you my hand.  
don't follow me!  
You will get lost on the first mile  
I wont tell you the rest  
See you in a cuckoo's nest.  
I don't talk with bastards  
I don't ever talk  
You know, Its not in my style.,  
No, No, No, No!  
I trust no one  
You know I walk my way!

Don't follow me ---- You'll kill yourself  
Stay at your place don't think bout' me  
don't follow me ---- You'll kill yourself  
We were not made to win!
