

## I Am The Mystic

### Acid Drinkers

I'm a street spy, I'm a Spanish fly  
I'm coarse, thorough, and a sensitive bastard  
I'm always a pig in a lady's company  
I drive away suckers standin' on the corner  
I'm a diamond throat of the local pub  
My sister's got deviations, I know it well  
I'm seducing blondie without any difficulties  
I always drink brandy on a friday night  
I'm the loudest screamer at the boss's party  
I spend long hours with my black partner  
I am a rattlesnake, I crush my victims  
I'm the cheapest model in the porno magazines  
I am the mystic  
I am the one  
I'm killin' cops - He's dropping out!
