Acid Ghost

Sometimes can't help but think about you all the time
Since you've been gone the whole night
Can't help since you mesmerize, oh

Oh but I don't even care anymore
I don't even care anymore
I don't even care anymore, yeah, yeah

Sometimes can't help but make sure that you're all for me
Since you're the one I want to see
Can't help since you're all for hell
But oh well

I don't even care anymore
I don't even care anymore
I don't even care anymore, yeah yeah

I don't even care anymore (Don't go)
I don't even care anymore (Don't go)
I don't even care anymore (Don't go)
I don't even care anymore (Don't go)
Yeah yeah
