

Stargazers

Acid Ghost

It's four A.M at the beach at the beach and I am with you
We're away for the night not worried about school
Our eyes are red; We're gazing up at the night sky
Our bodies' here but we're both floating in space up high
Just for the night

Away

Away

It's four A.M, it's four A.M, ah, it's four A.M
It's four A.M, ah it's four A.M, it's four A.M, ah
It's four A.M, it's four A.M, ah, it's four A.M
It's four A.M, ah, it's four A.M, it's four A.M, ah
It's four A.M, it's four A.M, ah, it's four A.M
It's four A.M, ah, it's four A.M, it's four A.M, ah
